Attention MTB S. 2360

To Whom It May Concern:

I write on behalf of the National Textile Association (“NTA”), the oldest and largest association of companies who form, dye, print, or finish woven, knitted, and non-woven textiles in the U.S.

NTA opposes S.2360 relating to nonmoven fabric consisting of two layers of needleloom felt.

This product directly competes with one manufactured in the United States by a member company of the National Textile Association who would be harmed by this duty suspension.

Yours,

David Trumbull
Vice President, International Trade
