Part II. Please indicate the type of disclosure below: (Please check one only)
 The bill referenced in Part I is reasonably anticipated to benefit 10 or fewer individuals or entities, and as such constitutes a Limited Tariff Benefit. (Complete Part III)

The bill referenced in Part I is reasonably anticipated to benefit more than 10 individuals or entities, and as such does not constitute a Limited Tariff Benefit.

Part III. Provide the information below in subparts A, B, and C if the bill referenced above is a Limited Tariff Benefit.

A. Anticipated Beneficiaries:

Chemtura Corporation
199 Benson Road
Middlebury, CT 06749

GM Matt Mattingley
202-841-5601

B. Purpose of the Limited Tariff Benefit:

Temporarily suspending the duty for Firestorm will allow Chemtura Corporation to reduce its costs. Firestorm is not produced in the United States; therefore, the duty, which is currently 6.5%, does not serve any domestic protection function. This legislation would suspend the duty rate on Firestorm through the year 2012. Projected tariff costs over the life of the duty suspension are estimated at \$283,387 (2010), \$306,461 (2011) and \$319,981 (2012). These figures are well below the \$500,000 annual revenue loss threshold Congress has established for introduction of trade legislation or miscellaneous trade bills in this session.

C. Financial Benefit Certification

I hereby certify that neither I nor my immediate family has a financial interest in the above described limited tariff benefit.
