A. Anticipated Beneficiaries

E.I. du Pont de Nemours and Company

B. Purpose of the Limited Tariff Benefit: Financial Benefit Certification

To extend temporarily the duty suspension on 2-(isocyanatosulfonyl)-benzoic acid, ethyl ester (a.k.a. ESPI), CAS # 77375-79-2. DuPont imports 2-(isocyanatosulfonyl)-benzoic acid, ethyl ester to produce several active ingredients (technicals) used to manufacture sulfonylurea formulated products for sale in the U.S. soybean market. The intermediate 2-(isocyanatosulfonyl)-benzoic acid, ethyl ester is manufactured specifically for DuPont requirements and as such it does not have a general market for other uses. It is not produced in the U.S. DuPont seeks the suspension to remain competitive with offshore producers whose focus is predominantly on preemergence control of weeds and grasses, and to create additional opportunities for business growth in sulfonylurea formulated products.

X I hereby certify that neither I nor my immediate family has a financial interest in the above described limited tariff benefit.
