

QUALITY, SERVICE and PERFORMANCE for a Global Market

To whom it may concern

July 28, 2006

Diamond Chain company is a US manufacturer of roller chain. We have been in business since 1890 and have become the most recognized brand name in the roller chain industry. An American manufacturer, we are based in Indianapolis, Indiana and employ 480 people. We are a subsidiary of Amsted Industries in Chicago, Illinois.

We are concerned about S. 3423 which was introduced on June 6 by Senator Durbin that will liquidate a number of roller chain entries "without assessment of antidumping duties or interest and shall refund any antidumping duties or interest which were previously paid." We were harmed by the illegal imports and feel we should receive our just compensation.

Thank you for your consideration.
