Re: Baucus Comment on Supreme Court Affordable Care Act Ruling

Senate Finance Committee Chairman Max Baucus (D-Mont.) commented on the Supreme Court's decision on the constitutionality of the Affordable Care Act. From Chairman Baucus:

“This is a win for millions of American families, small businesses, and seniors who are getting more affordable health care, tax cuts, and protections from insurance company abuses thanks to this law. Now it’s time to put politics aside. We need to move forward and find ways to work together to put America back on track.”
