- [1] Includes estimate for general transition and transition for binding contracts, if in effect on September 17, 2003, and for renewals of binding contracts if original contract was in effect on September 17, 2003.
- [2] Effective as if included in the amendment made by section 101 of the "Community Renewal Tax Relief Act of 2000."
- [3] Gain of less than \$1 million.
- [4] Effective as if included in the amendment made by section 121(a) of the "Community Renewal Tax Relief Act of 2000."
- [5] Loss of less than \$500,000.
- [6] Effective for debt incurred after date of enactment by SBICs licensed after date of enactment.
- [7] The bill provides that the excise tax credit expires after December 31, 2010. If this bill is enacted, the Congressional Budget Office's subsequent baseline would not assume extension of the excise tax credit beyond its expiration because the requirement to assume extension of excise taxes dedicated to trust funds does not apply to excise tax credits paid from the General Fund. For purposes of this revenue estimate, therefore, it is assumed that the excise tax credit would expire as scheduled. This treatment generates changes in revenues after December 31, 2010.
- [8] Estimate provided by the Congressional Budget Office. Negative numbers indicate an increase in outlays. Positive numbers indicate a decrease in outlays.
- [9] The outlay effects of this provision are the result of indirect effects on outlays for certain farm programs.
- [10] The outlay payments for ethanol expire after December 31, 2010.
- [11] Tax credits would be provided for on-road and off-road uses of biodiesel.
- [12] Gain of less than \$500,000.
- [13] Provision is effective as if included in the amendments made by section 101 of the Job Creation and Worker Assistance Act of 2002.
