Hello [REDACTED]:

I'd like to start off the year 2020 with a few pieces of interesting trivia:

- Theoretically, the highest-scoring Scrabble word is "OXYPHENBUTAZONE", which would earn you a whopping 1,458 points!
- Every planet in our Solar System can fit between the Earth and the Moon.
- The color orange was named after the fruit, not the other way around.

Another interesting piece of information that most people don't know: you can make changes to your existing Medicare coverage due to certain life events and situations.

It is a common misconception that you are only able to choose your Medicare coverage when you are first eligible for Medicare or that you can only update your Medicare coverage during the annual enrollment period.

We've created our free **10 Minute Medicare Eligibility Review** to clear up some confusion around Medicare eligibility. Through a quick and easy process, a licensed Medicare insurance agent will walk you through:

- + events
- give you
eligibility!
- If you are currently eligible to update your Medicare coverage due to:
 - o A change in residence
 - o Losing employer or retiree coverage
 - o Gaining/losing Medicaid or Extra Help eligibility
 - o An available 5-Star plan in your area
 - o Additional circumstances
 - If you are currently eligible, how long you have to update your Medicare coverage
 - If you aren't currently eligible, when you may next be eligible to update your Medicare coverage

Don't let your Medicare eligibility be an obscure piece of trivia. You could be able to update your Medicare coverage right now, and not even know it! Call [REDACTED] or attach and mail this postage-paid card today.
