CHAIRMAN MIKE CRAPO

WHAT HAPPENS TO MARYLAND IF TRUMP'S TAX CUTS EXPIRE?

The 2017 Tax Cuts and Jobs Act was an overwhelming success for American families and workers. If this legislation expires at the end of the year, taxpayers will face a more-than \$4 trillion tax hike and those making under \$400,000 per year will be hit hardest. **Permanently extending and building on proven tax reform is the best way to restore economic prosperity and opportunity for working families.**

5 WAYS THE TRUMP TAX CUTS HELPED MARYLAND

**Doubled the
child tax credit to
\$2,000 from \$1,000**

**Doubled the
standard deduction**

**Created the 20%
small business
deduction**

**Doubled the death
tax exemption**

**Drove investment
through
opportunity zones**
