COMMITTEE RULES

I. RULES OF PROCEDURE

Rule 1. Regular Meeting Days.—The regular meeting day of the committee shall be the second and fourth Tuesday of each month, except that if there be no business before the committee the regular meeting shall be omitted.

Rule 2. Committee Meetings.—(a) Except as provided by paragraph 3 of Rule XXVI of the Standing Rules of the Senate (relating to special meetings called by a majority of the committee) and subsection (b) of this rule, committee meetings, for the conduct of business, for the purpose of holding hearings, or for any other purpose, shall be called by the chairman. Members will be notified of committee meetings at least 48 hours in advance, unless the chairman determines that an emergency situation requires a meeting on shorter notice. The notification will include a written agenda together with materials prepared by the staff relating to that agenda. After the agenda for a committee meeting is published and distributed, no non-germane items may be brought up during that meeting unless at least two-thirds of the members present agree to consider those items.

(b) In the absence of the chairman, meetings of the committee may be called by the ranking majority member of the committee who is present, provided authority to call meetings has been delegated to such member by the chairman.

Rule 3. Presiding Officer.—(a) The chairman shall preside at all meetings and hearings of the committee except that in his absence the ranking majority member who is present at the meeting shall preside.

(b) Notwithstanding the rule prescribed by subsection (a) any member of the committee may preside over the conduct of a hearing.

Rule 4. Quorums.—(a) Except as provided in subsection (b) one-third of the membership of the committee, including not less than one member of the majority party and one member of the minority party, shall constitute a quorum for the conduct of business.

(b) Notwithstanding the rule prescribed by subsection (a) one member shall constitute a quorum for the purpose of conducting a hearing.

Rule 5. Reporting of Measures or Recommendations.—No measure or recommendation shall be reported from the committee unless a majority of the committee is actually present and a majority of those present concur.

Rule 6. Proxy Voting; Polling.—(a) Except as provided by paragraph 7(a)(3) of Rule XXVI of the Standing Rules of the Senate (relating to limitation on use of proxy voting to report a measure or matter), members who are unable to be present may have their vote recorded by proxy.

(b) At the discretion of the committee, members who are unable to be present and whose vote has not been cast by proxy may be polled for the purpose of recording their vote on any rollcall taken by the committee.

Rule 7. Order of Motions.—When several motions are before the committee dealing with related or overlapping matters, the chairman may specify the order in which the motions shall be voted upon.

Rule 8. Bringing a Matter to a Vote.—If the chairman determines that a motion or amendment has been adequately debated, he may call for a vote on such motion or amendment, and the vote shall then be taken, unless the committee votes to continue debate on such motion or amendment, as the case may be. The vote on a motion to continue debate on any motion or amendment shall be taken without debate.

Rule 9. Public Announcement of Committee Votes.—Pursuant to paragraph 7(b) of Rule XXVI of the Standing Rules of the Senate (relating to public announcement of votes), the results of rollcall votes taken by the committee on any measure (or amendment thereto) or matter shall be announced publicly not later than the day on which such measure or matter is ordered reported from the committee.

Rule 10. Subpoenas.—Subpoenas for attendance of witnesses and the production of memoranda, documents, and records shall be issued by the chairman, or by any other member of the committee designated by him.

Rule 11. Nominations.—In considering a nomination, the committee may conduct an investigation or review of the nominee's experience, qualifications, and suit-
ability, to serve in the position to which he or she has been nominated. To aid in such investigation or review, each nominee may be required to submit a sworn detailed statement including biographical, financial, policy, and other information which the committee may request. The committee may specify which items in such statement are to be received on a confidential basis. Witnesses called to testify on the nomination may be required to testify under oath.

Rule 12. Open Committee Hearings.—To the extent required by paragraph 5 of Rule XXVI of the Standing Rules of the Senate (relating to limitations on open hearings), each hearing conducted by the committee shall be open to the public.

Rule 13. Announcement of Hearings.—The committee shall undertake consistent with the provisions of paragraph 4(a) of Rule XXVI of the Standing Rules of the Senate (relating to public notice of committee hearings) to issue public announcements of hearings it intends to hold at least one week prior to the commencement of such hearings.

Rule 14. Witnesses at Hearings.—(a) Each witness who is scheduled to testify at any hearing must submit his written testimony to the staff director not later than noon of the business day immediately before the last business day preceding the day on which he is scheduled to appear. Such written testimony shall be accompanied by a brief summary of the principal points covered in the written testimony. Having submitted his written testimony, the witness shall be allowed not more than 10 minutes for oral presentation of his statement.

(b) Witnesses may not read their entire written testimony, but must confine their oral presentation to a summarization of their arguments.

(c) Witnesses shall observe proper standards of dignity, decorum, and propriety while presenting their views to the committee. Any witness who violates this rule shall be dismissed, and his testimony (both oral and written) shall not appear in the record of the hearing.

(d) In scheduling witnesses for hearings, the staff shall attempt to schedule witnesses so as to attain a balance of views early in the hearings. Every member of the committee may designate witnesses who will appear before the committee to testify. To the extent that a witness designated by a member cannot be scheduled to testify during the time set aside for the hearing, a special time will be set aside for the witness to testify if the member designating that witness is available at that time to chair the hearing.

Rule 15. Audiences.—Persons admitted into the audience for open hearings of the committee shall conduct themselves with the dignity, decorum, courtesy, and propriety traditionally observed by the Senate. Demonstrations of approval or disapproval of any statement or act by any member or witness are not allowed. Persons creating confusion or distractions or otherwise disrupting the orderly proceeding of the hearing shall be expelled from the hearing.

Rule 16. Broadcasting of Hearings.—(a) Broadcasting of open hearings by television or radio coverage shall be allowed upon approval by the chairman of a request filed with the staff director not later than noon of the day before the day on which such coverage is desired.

(b) If such approval is granted, broadcasting coverage of the hearing shall be conducted unobtrusively and in accordance with the standards of dignity, propriety, courtesy, and decorum traditionally observed by the Senate.

(c) Equipment necessary for coverage by television and radio media shall not be installed in, or removed from, the hearing room while the committee is in session.

(d) Additional lighting may be installed in the hearing room by the media in order to raise the ambient lighting level to the lowest level necessary to provide adequate television coverage of the hearing at the then current state of the art of television coverage.

(e) The additional lighting authorized by subsection (d) of this rule shall not be directed into the eyes of any members of the committee or of any witness, and at the request of any such member or witness, offending lighting shall be extinguished.

Rule 17. Subcommittees.—(a) The chairman, subject to the approval of the committee, shall appoint legislative subcommittees. All legislation shall be kept on the full committee calendar unless a majority of the members present and voting agree to refer specific legislation to an appropriate subcommittee.

(b) The chairman may limit the period during which House-passed legislation referred to a subcommittee under paragraph (a) will remain in that subcommittee. At the end of that period, the legislation will be restored to the full committee calendar. The period referred to in the preceding sentences should be 6 weeks, but may be extended in the event that adjournment or a long recess is imminent.

(c) All decisions of the chairman are subject to approval or modification by a majority vote of the committee.
(d) The full committee may at any time by majority vote of those members present discharge a subcommittee from further consideration of a specific piece of legislation.

(e) The chairman and ranking minority member shall serve as nonvoting ex officio members of the subcommittees on which they do not serve as voting members.

(f) Any member of the committee may attend hearings held by any subcommittee and question witnesses testifying before that subcommittee.

(g) Subcommittee meeting times shall be coordinated by the staff director to ensure that—

1. no subcommittee meeting will be held when the committee is in executive session, except by unanimous consent;
2. no more than one subcommittee will meet when the full committee is holding hearings; and
3. not more than two subcommittees will meet at the same time.

Notwithstanding paragraphs (2) and (3), a subcommittee may meet when the full committee is holding hearings and two subcommittees may meet at the same time only upon the approval of the chairman and the ranking minority member of the committee and subcommittees involved.

(h) All nominations shall be considered by the full committee.

(i) The chairman will attempt to schedule reasonably frequent meetings of the full committee to permit consideration of legislation reported favorably to the committee.

Rule 18. Transcripts of Committee Meetings.—An accurate record shall be kept of all markups of the committee, whether they be open or closed to the public. A transcript, marked as "uncorrected," shall be available for inspection by members of the Senate, or members of the committee together with their staffs, at any time. Not later than 21 business days after the meeting occurs, the committee shall make publicly available through the Internet—

a. a video recording;

b. an audio recording; or
c. after all members of the committee have had a reasonable opportunity to correct their remarks for grammatical errors or to accurately reflect statements, a corrected transcript.

Notwithstanding the above, in the case of the record of an executive session of the committee that is closed to the public pursuant to Rule XXVI of the Standing Rules of the Senate, the record shall not be published or made public in any way except by majority vote of the committee after all members of the committee have had a reasonable opportunity to correct their remarks for grammatical errors or to accurately reflect statements made.

HEALTH

SUMMARY OF ACTIVITIES

During the course of the 115th Congress, the committee focused on improving the Medicare and Medicaid programs for beneficiaries and providers alike. The committee held a hearing on and unanimously reported the bipartisan Creating High-Quality Results and Outcomes Necessary to Improve Chronic (CHRONIC) Care Act of 2017 (S. 870), that included important changes to strengthen the Medicare program and improve outcomes for Medicare beneficiaries living with chronic conditions. The CHRONIC Care Act is the culmination of a bipartisan, committee-wide effort that included robust engagement with and feedback from stakeholders. This legislation will improve disease management and streamline care coordination services. Addressing these issues is essential for improving health outcomes for the increasing number of Medicare beneficiaries who live with multiple chronic conditions and those who will age into the Medicare program over the coming years. The bill makes improvements that facilitate more coordinated and effective care in traditional fee-for-service Medicare, Medicare Advantage (MA), and Accountable Care Organizations (ACOs). This bill was combined with similar House legislation and included in the Bipartisan Budget Act (Pub. L. 115–123).

The committee also held a hearing to address the need to extend funding for the Children's Health Insurance Program (CHIP). Following the hearing, the committee held an executive session to consider the Keep Kids' Insurance Dependable and Secure (KIDS) Act of 2017 (S. 1827), which was approved by voice vote. This bill served as the basis for a 6-year extension of CHIP funding included in Public Law 115–120, and another 4-year extension in the Bipartisan Budget Act (Pub. L. 115–119). The combined 10-year CHIP extension represents the longest funding extension in the program's history.

The committee also held a hearing to examine ways to improve health care service delivery in rural and frontier America. This hearing highlighted the unique challenges rural and frontier providers face in delivering high-quality health-care services in isolated communities. It also examined the data-driven trends in rural research today and identified targeted legislative solutions that the committee may want to explore in the future.

Additionally, the committee passed key human services priorities into law that were included in the Bipartisan Budget Act. These include the Family First Prevention Services Act, which helps States provide evidence-based services to prevent children from entering foster care and reduce inappropriate use of congregate care and group home facilities; the Social Impact Partnerships to Pay for Results Act, which supports innovative public-private partnerships to
address critical social challenges; and the reauthorization of the Maternal, Infant, and Early Childhood Home Visiting (MIECHV) program to support evidence-based home visiting programs for at-risk families.

The committee also focused on addressing the opioid epidemic. The committee held a hearing on ways to address opioid and substance use disorder in Medicare and Medicaid—the largest payers of treatment services—and human services programs. Members of the committee introduced 22 bills that were combined into the Helping to End Addiction and Lessen (HEAL) Substance Use Disorders Act of 2018 (S. 3120). The bill improves the identification of opioid use disorder and other substance use disorders, promotes information on alternative, non-opioid treatment options, expands access to evidence-based treatment services, and increases information to prescribers. This bill was reported favorably out of the committee with a roll call vote of 27 ayes and 0 nays, included in the Opioid Crisis Response Act that passed the Senate, and then combined with similar House legislation to become Public Law 115–271 on October 24, 2018. The committee unanimously discharged a bill, S. 1732, the Improving Access to Behavioral Health Information Technology Act, as modified, that promotes the testing of incentive payments for behavioral health providers for adoption and use of certified electronic health record technology through the Center for Medicare and Medicaid Innovation (CMMI). This measure passed the Senate by unanimous consent and was included in Public Law 115–271.

Finally, the committee held a hearing on opportunities for increasing the affordability of prescription drugs while continuing to foster innovation. The committee unanimously discharged a bill, S. 2553, the Know the Lowest Price Act, as modified, that bans Medicare Part D prescription drug plan sponsors from prohibiting pharmacies from informing a beneficiary when the cost of the prescription is less than the cost sharing required under the plan. This measure passed the Senate by unanimous consent and became Public Law 115–262.

OVERSIGHT AND INVESTIGATIONS

SUMMARY OF ACTIVITIES

In the 115th Congress, the Senate Committee on Finance activities with respect to oversight and investigations included: (1) ongoing oversight of the activities of the Internal Revenue Service; (2) investigations pertaining to the importation of counterfeit consumer goods and pharmaceuticals; (3) oversight of the activities of the Department of Health and Human Services, including questions regarding abuse and neglect at nursing homes, opioid-related fatalities, emergency preparedness at nursing homes, the 340B Drug Pricing Program, and other matters; and (4) oversight of the activities of the Treasury Department.

On October 17, 2017, Chairman Hatch and Ranking Member Wyden released a bipartisan oversight report titled: An Examination of Foster Care in the United States and the Use of Privatization. This report culminated a 2½-year investigation examining the increasing practice of States tasking private entities (for-profit and non-profit) to protect our Nation’s most vulnerable children: those in foster care. As a result of the investigation’s findings, the chairman and ranking member also introduced legislation, the Child Welfare Oversight and Accountability Act of 2017 (S. 1964), to address issues raised by the report. The committee’s investigation originally launched in April 2015 with inquiries sent to the Governors of all 50 states. Bipartisan staff analysis found flaws in data collection and oversight structures at both the State and Federal levels, making it difficult and sometimes impossible to monitor the operations of the child welfare system, especially its private providers such as the MENTOR Network. The report summarizes the committee’s findings. Additionally, committee staff made a series of bipartisan recommendations to the Department of Health and Human Services (HHS), the States, and to Congress addressing the shortcomings identified in the report.

On June 26, 2017, the Minority released a report, “A Tangled Web—An Examination of the Drug Supply and Payment Chain,” which detailed a year-long investigation examining how different parts of the drug supply chain affect prices Medicare recipients pay for prescription drugs. The investigation examined the roles drug manufacturers, wholesale distributors, pharmacy benefit managers (PBMs), plan sponsors, and pharmacies play in prescription drug pricing, as well as the role that key policies in Part B and Part D play in the marketplace.

After a year-long investigation, the Minority staff issued a report—“Sheltering in Danger: How Poor Emergency Planning and Response Put Nursing Home Residents at Risk During Hurricanes Harvey and Irma”—in November 2019. The report focused on lessons learned from these events and changes that should be made
to current regulations and guidance, notably those of the Centers for Medicare and Medicaid Services (CMS), to better protect long-term care residents in the event of emergencies.
