Please consider a national sales tax and abolish the IRS I can't think of one negative thing about this idea.
1.You are taxed on how much you buy.
2. You eliminate tax cheats.
3. Everyone pays taxes;
Hookers
Drug dealers
Illegal aliens
Visitors from other countries
Millionaires pay the most because they spend the most.
Those that make little pay little.
You eliminate the IRS, save billions.

Please do this!!!!
